

## What the Doctor Knows

### KIDNEYS MUST BE RIGHT TO INSURE HEALTH

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. Therefore, it is particularly necessary to pay more attention to the health of these important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmor's Swamp-Root.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

When your kidneys require attention, get Swamp-Root at once from any pharmacy. It is sold by every druggist in bottles of two sizes—50c and \$1.00.

However, if you wish first to test this great preparation, send ten cents to Dr. Kilmor & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

"Here, lady," said a boyish voice from across the aisle. "I got a nickel I'll lend you."

She looked at the boy and took the nickel. "Thank you," she said. "I'll pay you back if you'll give me your name."

"Don't worry 'bout that," he replied. "I'm the kid you gave the half-dollar to last Christmas when you see me sellin' papers down by the Savoy. I ain't forgot you. I'm selling papers there yet."
